## **FRISCO POLICE START S.T.E.P. FOR FY 2014**

**FRISCO, TX** – The City of Frisco Police Department was awarded a Selective Traffic Enforcement Program (S.T.E.P.) grant from TxDOT for the 2014 fiscal year. The grant started on October 1<sup>st</sup> 2013 and will run until October 1<sup>st</sup> 2014. The City of Frisco was granted \$105,000 for officers to investigate driving while intoxicated offenses, speed enforcement, seat belt enforcement and child safety seat enforcement. Officers enforcing speed limit laws will be working on the following roadways within the City of Frisco.

- Legacy Drive from SH 121 to Panther Creek Parkway
- Preston Road from SH 121 to US 380
- Dallas Parkway from SH 121 to US 380
- Main Street/FM 3537 from Custer Road to FM 423
- Eldorado Parkway from Custer Road to FM 423
- Lebanon Road from Coit Road to FM 423

Seat belt laws, child safety seat laws and DWI's will be enforced throughout the city. Our traffic enforcement goals as a department are to increase the safety in the City of Frisco through increasing safety belt usage, increasing the compliance of speed limits and decrease the number of alcohol related crashes within our city. The additional hours of traffic enforcement provided by the state grant will help us achieve these goals. Please buckle up, slow down and don't drink and drive.
